Mr. A. G. Pullan
2 The Beanlands
Wanborough
Swindon
SN4 0EJ

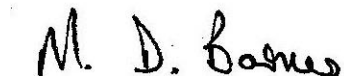

Dear Sir,

The bell installation at St Andrew's, Wanborough was inspected on 23rd May 2019 and I am pleased to say that it has now been completed according to John Taylor & Co.'s order number SEA/sap/327/5 Specification 1.0, 1.1, 1.3, 1.4 & 1.5 dated 24.01.2017 and amendment dated 14.07.2017.

In brief, the work consisted of replacing the old timber headstocks of the fourth and sixth bells with cast iron canon retaining headstocks, refurbishment of all eight clappers, to strip and repaint the bell frame and all steel fittings.

The old timber headstocks are placed on view by the pulpit as part of the retention of the churches history.

Regards

Malcolm D. Barnes
Bells Adviser
The Gloucester and Bristol Diocesan Association of Church Bell Ringers.
