Hi Bryan

I was away from the office on Friday and yesterday and have been going through Emails.

I won't be able to issue a Practical Completion Certificate on either of the elements of work (Symons' enabling and reinstatement works and SGS' screen installation) as the appointments were made by Emails and not formal contracts requiring certification.

However, I can say that Structural Glass Solutions works relating to the installation of the glass screen together with Symons enabling and metal screen reinstatement works have been undertaken in accordance with agreed specifications and drawings and in an acceptable manner.

I hope this will be sufficient for the DAC.

Regards

Chris

Hi Chris

Please could you issue a 'Practical Completion Certificate' so that I can finally close the faculty?

Many thanks

Kind regards

Bryan

PS We have appointed a new rector
