Dear Peter

I met AF Jones this morning and they provided a test panel for me to look at. The results were very good so I gave them the go-ahead. The some patina, I would rather this. Below is a link to a video I took of a test panel;

<https://1drv.ms/v/s!ApP9U3GKqHC3i90bV051NddJB6Wtfg>

I look forward to seeing the cleaned monument.

Kind regards

Christian

Subject: War Memorial Stone Mason Cleaning

Dear Christian,

I hope all is well with you.

The PCC has given approval to clean the war memorial outside Holy Trinity Parish Church using A F Jones Stone Mason

We have obtained a Faculty and as you will see from the attached it requires a small patch to be tested using the Doff m cleaning can be done after your inspection and approval.

We would be grateful therefore if you could liaise with AF Jones and I attach their quote and details.

Kind regards and thanks

Peter

Dr Peter Garside

Church Warden

Holy Trinity Parish Church
