

Report of installation of Church Notice Board

Reference 2019-045265

Faculty 5962 - Dore Christ Church Notice Board

Following the issue of the Faculty on 28th October 2021, the replacement notice board was installed on Thursday 10th March 2022. There follows a report of the excavations which were witnessed by Reverend Andrew Patrick, oversight minister, and Dr Anita Campbell, PCC Secretary.

Signs of Cheshire Ltd previously known as the Church Notice Board Company arrived at the Churchyard on 10th March 2022 at 12.15pm. Dr Campbell watched the phase of excavation also supervised by Reverend Andrew Patrick who was at work in the Church and came to see progress. The installers were aware that they would need to stop if any burials became apparent.

Throughout the excavation there was nothing to suggest burials were in that area and only tree roots were encountered.
