Dear All,

Please find attached Practical Completion Certificate for the St Bart's Roof and Masonry Repairs.

The Certificate refers to four items that were outstanding when the Certificate was issued. These were:

- Health & Safety Files completion.
- AI 19 to be carried out.
- Remaining scaffold removed.
- Site clearance.

I can confirm that all four items have been completed to my satisfaction and we can now furnish the Diocese with the Certificate.

Regards Lester Sonden

Project Manager for St Bart's
