Dear Sarah,

**RE: St. Quiricus & St Julietta Church, Tickenham
Font Proposals – Formal Advice**

Following the delegation visit to Tickenham church on the 27th June 2022 to discuss a series of reordering works. The PCC would like to initially progress the associated works to the font and obtain a faculty for this aspect ahead of the re-ordering project and other proposals presented in the initial submission.

Please find enclosed the following drawings and documents detailing the font proposals:

- 207-30a Church Floor Plan As Existing
- 207-31b Sections As Existing
- 207-53 Font As Existing & As Proposed
- Font Images As Existing

The large font step/base is currently positioned very close to the entrance lobby to the south porch and currently restricts circulation and gathering space at the entrance, as well as being a safety hazard. Removing the step/base and lowering the font will greatly improve the access and egress at the entrance, form an enlarged welcoming/ gathering area, whilst also eliminating the hazard of the original step/ base.

We would be grateful if this information can be considered by the DAC for Formal Advice at the next meeting. We look forward to hearing from you in due course.

Yours sincerely,

Tom Welch
Chedburn Codd
