21st November 2023

Dear David,

**Walker Organ at St. Mary's Parish Church, Olveston  
Order No. 472115 Completion of Works**

This is to confirm that the above Works have been completed and the organ can be played.  
The Works comprised General Overhaul and installation of a new key action transmission system.

Replacements and upgrades to the console were carried out at additional cost.  
Our Estimates of 1st March 2022, items 2b and 3 refer.

In variations to the Schedule of Work, as advised, some 80 pipe valves at the lower Great chest were replaced, the cost offset by pneumatic work not required.

The existing key contact assemblies at the console were found to be in sound condition, so these were cleaned and refurbished. The corresponding sum is to be deducted from the contract price, to be reflected in our final invoice.

We propose to return at a convenient time in order to make any necessary adjustments after a short period of regular use.

I trust that all is as you required and assure our best attention at all times,

Yours sincerely,

Sebastian Meakin
