Font Proposals – Formal Advice**

Following the comments received from the DAC on the 15th December 2023 in relation to the font proposals, please find enclosed revised drawing to include amended floor slab layout at the base of the font. The proposals now include new Blue Lias stone slabs (honed finish) and Blue Lias stone borders (polished finish) to frame and enhance the font as per the advice received from the DAC.

We hope these amendments are satisfactory and enables the proposals to be considered by the DAC for Faculty approval. We look forward to hearing from you in due course.

Yours sincerely,

Tom Welch
