Dear Martha

AV installation at St. Nicholas Church, Lavant – Completion

Following my visit to St. Nicholas Church on 19th May 2023 I can confirm that I, the Inspecting Architect, am satisfied with the installation of the new AV system. The new setup includes a drop-down projector screen and projector plus all associated speakers and connection points. All of this has been carried out by Stage Services Ltd. To the best of my knowledge, the installation has been done in accordance with the amended Faculty no. 1455 dated 17 March 2023.

A minor works certificate for the electrical works associated with this installation has been issued by the contractor, and a copy should be held within the Church logbook.

This letter is provided as a supplement to the Practical Completion Certificate dated 1 June 2023 as the AV system was undertaken outside of the contract with T.Coleborn and Son Ltd.

Yours sincerely

Trevor Munday RIBA
