Jonathan

Getting a little bit of heat this end, could you let me know the timeline to submitting the faculty?

Dear Duncan, just an 'apologetic retraction' of my last query on statement of need – you had sent me MF's statement in December.

So, onward to faculty submission.

Yours sincerely

Many thanks Duncan for those deft revisions – have incorporated as attached.
What about the statements of Need and Mission? Are those in your court?

Yours sincerely

Jonathan

Sorry for the delay but you know how these things work.

We are happy with the wording but are struggling to find more details that you have asked therefore we have come up with some vague wording that I hope you find satisfactory.

See attached (blue are the suggested wording and I have struck through the corresponding paragraphs of the original)

Kind regards

Duncan

Dear Duncan

Thanks for meeting me at St Johns yesterday.

I attach an 'early draught' of the SoS – incorporating Michael's historical researches (to be duly credited) and with photographs yet to be ordered, captioned etc.

I'm hoping that you can confirm a few details as to the relationships between St Johns, Emmanuel and Grace Church in 'Diocesan terms' – have yellowed the gaps?

In terms of the statement(s) of Mission and Need, are you taking those/that on? It would be good to align the draught versions so as to achieve consistency where we can.

(I'm away tomorrow – NW mtg first then off for the weekend and back on Tuesday)

Yours sincerely
