

Existing large stone Gibbons monument on south wall of tower, to be carefully repositioned 750mm higher to allow visibility from Nave once new partitions are built.

New soft wood framed painted panelled partition with cornice detailing, spanning from north wall to south wall of tower.

Storage area and cupboard formed behind south side, and WC and cupboard formed behind north side.

Lower section of stone monument to remain as existing.

Storage Area

Wall Light

Storage cupboard

Existing panelled cupboards located either side of west door to be removed.

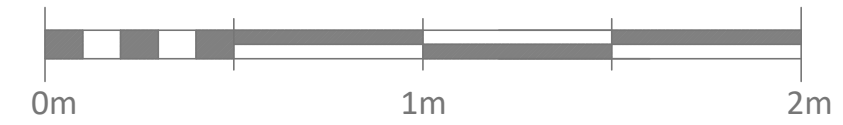

New softwood framed partition faced with painted timber panelling and cornice trims to echo style of existing cupboards, forming storage area and storage cupboard.

Internal partition walls and ceiling of cupboard to be painted plasterboard, stone walls to be left as existing.

New SW partitions to be fixed to stone floor with 10mm dia. threaded rod, resin-anchored in to floor, with s/s securing plate and bolt above to allow partitions to be removed in case of bell maintenance access.
