Dear Jacqui

**GLASTONBURY St Benedict – New Heating Installation**

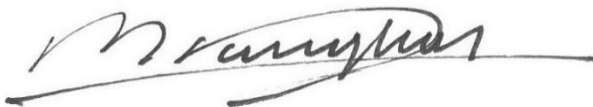

We have completed the application information which now highlights that Liz Pearson (Church Warden) is the lead petitioner.

We have updated the finance section to confirm that the church have the funding in place.

With regard to the DAC question regarding pew removal: Under the original re-ordering Faculty application submitted by Chedburn Dudley 2012 the Faculty allowed the removal of the fixed pews. Eight pews were retained as mobile benches, six of which sit in the south aisle for use by the choir the other two generally sit in the south aisle chapel. These mobile benches will be retained.

We trust that this clarifies things and look forward to hearing from you in due course.

Yours sincerely
