### Informative(s):

1. In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 39 of the National Planning Framework by working in a positive, creative and pro-active way.

2. **Condition Categories**

Your attention is drawn to the condition/s in the above permission. The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

**Compliance** - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

**Pre-commencement** - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

**Pre-occupation** - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

**Bespoke Trigger** - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

Failure to comply with these conditions may render the development unauthorised and liable to enforcement action.

Where approval of further information is required you will need to submit a conditions application and pay the relevant fee, which is 145GBP per request (or 43GBP where it relates to a householder application). The request must be made in writing or using the Standard Application form (available on the Planning Portal, see council's website). For clarification, the fee relates to each request for the discharge of condition/s and not to each condition itself. There is a no fee for the discharge of conditions on a Listed Building Consent, Conservation Area Consent or Advertisement Consent although if the request concerns condition/s relating to both a planning permission and Listed Building Consent then a fee will be required.

Date of Decision: 17 February 2025

- This permission does not authorise you to stop up or divert a public right of way to enable the development permitted to be carried out. Separate legal steps are necessary for this and further information can be obtained from: [Public Rights of Way \(somerset.gov.uk\)](#)
- If planning permission has been granted for development involving the creation of one or more properties needing new addresses you will need to contact the Street Naming and Numbering department of Somerset Council, for assignment of the official address/es.
