

## **St Julian's Church, Wellow**

### **Statement of Mission**

**Our Mission is to make the historic church in Wellow a vibrant modern parish church with a growing congregation with maximum support of the church by the parish and of the parish by the church.**

Our Vision to achieve this Mission:

To expand the number and spirit of harmony of our church family and to increase the number of regular monthly church attendees.

To build on the continuing growth of our All Age Worship Service attracting children and young families.

To build on the success of our Church Home Group.

To encourage and welcome the use of our magnificent and beautiful church as a venue for weddings, funerals and thanksgiving services and to promote the religious importance of these occasions.

To encourage the use of the church building as a community asset for the whole parish and as a place for prayer and reflection.

To promote music and choral singing involving more of the parish in a community activity. Wellow is developing a choir keen to perform at special events, including our recent 650th Anniversary, this Easter and King Charles's Coronation.

We believe God is moving in this place and inviting us to grow, evidenced by our increasing congregations. We want to share our faith with our parish and the world and so expand God's Kingdom.

May 2023.
