Description	Quantity	Unit Price	VAT	Amount GBP
Following our recent visit, we propose the below to install the heaters. Summit heaters to be supplied by yourselves.	1.00	1,075.00	20%	1,075.00
Mains Position. Install new metalclad single phase 2 way DB c/w surge protection and 40A RCBO. Link boxes and meter tails required.				
Run approximately 30 meters 6mm SWA cable all clipped direct. Remove and reinstate boxing in to allow the cable to be out of site. (we accept no responsibility for making good)				
Install adaptable box in far corner high level. Run 6mm T & E cable contained in PVC trunking to each heater position. At each heater position install switched fused spur. Install heaters x3, connect and test.				
All the above will be tested and certified to current BS7671 standards.				
Estimated time allocated is 1 day.				
Subtotal				1,075.00
Total VAT 20%				215.00
<b>TOTAL GBP</b>				<b>1,290.00</b>

### TERMS

Estimates are valid for 30 days.

A 30% deposit will be required for large projects before any works commence or by prior agreement.  
All estimates are to be agreed in writing before any works commence (to do this accept the quote electronically).  
Any underlying issues with the existing installations will be indicated and cost of repairs issued.  
All materials supplied by Daley Electrical remain the property of Daley Electrical until receipt of full payment.  
Any materials supplied by the client/customer cannot be guaranteed.  
Any making good or patching is not included unless agreed in writing with the client, before any works commence.  
By accepting this estimate or agreeing to the commencement of works you are agreeing to these terms.  
Test certificates will be issued on receipt of full payment.  
**Please allow up to 14 working days for certification upon receipt of full payment if applicable.**
