

**Extract of the minutes of a meeting of Barrow Gurney & Flax Bourton PCC**  
**Tuesday 23rd July 2024**

**3. Eco-Church**

The Flax Bourton energy audit conducted by Inspired Efficiency had been received and circulated. A sub-group of the PCC, together with Mike Eustace, had met to review the content and produced a summary with recommendations in two phases for PCC to consider (also circulated).

*Phase 1:* The meeting discussed the paper produced by James. It was agreed that it would be good to move forward with the planned work of items listed in Phase 1.

*Phase 2:* This was discussed and agreed that the aim was to complete this project within the next two years but further research was needed and there were questions to be answered before we could proceed. A visit would be organised to St Matthew's Kingsdown in early September.

**ACTION: James/Mike Eustace**

The meeting recorded its grateful thanks to Mike Eustace for all the work he has done towards carrying out the project and for his ongoing contribution towards it.
